

REACTS2017

4th Workshop on REcognition and ACTION for Scene understanding

August 25, 2017 - Ystad (Sweden)

CALL FOR PAPERS

The Workshop on Recognition and Action for Scene Understanding (REACTS) is a satellite event of the CAIP2017, which will hold in Ystad, Sweden, on August 2017. Specifically, this fourth edition will focus on the understanding of human activities and intentions within the global framework of cooperative and social robots.
